Skills

Languages: C, C++, Java, JavaScript, SQL

Frontend: React.js, HTML, CSS

Backend: Node.js, Express.js

Databases: MongoDB, PostgreSQL

DevOps/Tools: Docker, Apache Kafka, Git, Postman

Concepts: Data Structures & Algorithms, Object-Oriented Programming

Education

Dr. D. Y. Patil Institute of Technology, Pimpri, Pune

Aug 2024 - Jun 2028

B.E. in Artificial Intelligence and Data Science

CGPA: 8.89/10

Relevant Coursework: Object Oriented Programming, Databases, Discrete Maths, Data Structures and Algorithms, Operating Systems, Advance Data Structures and Algorithms, Artificial Intelligence, Data Science

Project Work

- **Movie Ticket Booking System:** Developed a full-stack web application enabling users to browse movies, select seats, and book tickets. Implemented RESTful APIs for handling movie listings, seat availability, and booking operations. Designed backend with Node.js, Express, and MongoDB, including user authentication and structured data models for users and bookings. Focused on ensuring smooth booking flow and responsive UI. Node.js, Express.js, MongoDB, JavaScript.
- **JWT Authentication System:** Built a secure authentication system using Node.js, Express, and MongoDB with access and refresh token mechanism. Implemented user signup/login with hashed passwords and JWT-based session management. Designed token refresh flow to maintain user sessions securely while minimizing re-authentication. Applied best practices for token storage, validation, and route protection. Node.js, Express.js, MongoDB, JWT.
- **Military Sonar System (CEP):** Developed a basic sonar detection system using an ultrasonic sensor and servo motor to detect nearby objects and map surroundings. Integrated Arduino hardware with Processing IDE to visualize real-time distance data on a radar-style interface displayed on a laptop screen. Arduino, Processing IDE, Ultrasonic Sensor, Servo Motor.

Leadership & Activities

- **Social Media Manager – Zion Technical Fest, DY Patil Institute of Technology:** Created promotional content and managed social media posts for the college technical festival. Produced short-form video content that reached more than 300,000 views, helping increase visibility and engagement for the event.
- **Volunteer – My Prakriti Community Initiative:** Regularly participate in weekly plogging drives focused on environmental cleanliness by collecting waste while jogging in public spaces, contributing to community awareness about sustainable practices.
